

Community Assembly Packet for October 1, 2026

The link at the end of this post will take you to a very large document (approximately in the center) that includes a deep dive into the new Comprehensive Plan, along with many pages of recommendations prepared by the CA Land Use Committee and also by Linda Carroll, writing as an individual. The rest of the Packet covers a wide variety of topics including an older version of the CA Handbook, being revised. You are welcome to attend these monthly meetings. The Community Assembly is a coalition of representatives from all active neighborhood councils – currently 28 of 29.
